In addition to my 5 years of experience, I offer a diverse set of skills in developing, deploying, and monitoring applications, and the creative drive to design and develop entire features of the application. I keep myself active by often coding in HackerRank and take special pleasure in finding solutions to engineering problems.

💼 Professional Experience

Application Development Analyst | Jun'16 – Dec'19
Accenture Solutions Private Limited

Member of Technical Staff | Jan'20 - present
Athena health
